## Lectures & Practicum

Participants will attend several lectures where they will receive important information about Business, Economy and related topics before the practicum.

The type of rotation will be based on the company's needs and it can be focused in a determined department like HR, Marketing, Finances, Sales, etc. This will be informed to the students prior to their arrival.

Participants will be assigned to a Business professional, and this person will be in charge of the whole rotation of the students.

## Reflection Sessions

Participants will be assigned to an academic advisor and will attend reflection sessions where they will be able to share their experience with others participants.

An academic advisor will moderate the session and will also answer any type of questions that students might have after the practicum.
